

NEW RESIDENCE FOR WILLIAMS ST.

Charles L. Rathbun has been granted a permit by the fire marshal to erect a modern dwelling house on Williams street. The house will be 24x30 and two stories high. It will be of wooden construction with shingled exterior and will be constructed on a stone foundation. The interior will be in hard wood finish and there will be an open fireplace. Mrs. Mary T. Harriman has been granted a permit to erect a small building in the rear of 173 Broadway. This building will be used for storage purposes. It will be of lumber and cement construction and will be 24x15 feet in size, one story.

William Crowe, Jr., has been granted a

permit to erect a garage on land owned by James Henderson, at No. 565 Boston street. The garage will be 12x18 feet and will have a three-quarter pitch roof.

The weekly real estate summary for Norwich—Sales, 6 (1921), 15, (1920); mortgages, \$36,250, (1921), \$28,100, (1920).

New London—Sales, 4, (1921), 9, (1920); mortgages, \$25,490, (1921), \$20,500, (1920).

NEW LONDON.

Plans are being drawn for the proposed apartment building to be erected on Bentley avenue for Joseph Sigal of Norwalk. It is planned to build a frame block, arranged for 12 apartments of three and four rooms.

A one horse power motor has recently been installed in the plant of the New London Coat Contracting Co. The contract for the plumbing in the two-family house for James Gleason, 594 Bank street, on Coleman street, corner of Cutler street.

The cottage of Ivan Elonsky on Peninsular avenue. As previously described.

It will be 25x28 feet, two stories high, of wood, with a shingled exterior. There will be seven rooms, in hardwood finish, bath, fireplace and other improvements. The cost is given as \$2,000.

The plumbing contract for the cottage being erected on Waller street for W. L. Spicer has been let. As previously reported, it will be of frame construction, 24x12 feet, with five rooms, heated by steam and having all improvements, to cost \$4,000.

An addition to the garage of Mrs. Maria Ballestrini at 87 Walbach street is in process of construction. It will be 40x18 feet, of frame construction, and will cost \$200.

C. L. Marsdale, 18 Colt street, is erecting a galvanized iron garage for himself at that address. It will be 19x15 feet, and the cost is estimated at \$200.

Work has started on a garage at 78 Washington street for Mrs. Julia Sawyer, of that address. It will be of concrete block construction, 18x11 feet, to cost \$300.

Building Permits.

Simon & Da Wolf, frame building, Fitch avenue. Cost \$1,000.

C. L. Marsdale, galvanized iron garage, 18 Court street. Cost \$200.

Mrs. Maria Ballestrini, addition to garage, 87 Walbach street. Cost \$200.

P. H. & A. H. Chappell Co., steel and

concrete alterations, 232 Bank street. Cost \$25,000.

Total number of permits issued for the week, 42; estimated cost of buildings, \$61,050.

WILLIAMANTIC.

Plans have been drawn for a building for the Congregation Sons of Israel. Samuel Ballou is the chairman of the building committee. The proposed structure will be two stories and basement, 40x50 feet, of brick, with steel truss roof. It will be arranged for an assembly hall, swimming pool, gymnasium, etc.

PUTNAM.

It has been announced that a fund has been started by the St. Mary's parish for the erection of a new school building, to accommodate about 800 pupils.

ROCKVILLE.

The contract for the rebuilding of the warehouse and coal pocket at the plant of the Rockville Coal and Grain Company has been awarded.

Thompsonville—Miss Elizabeth Connor, the visiting nurse made 186 calls upon the sick during August. The amount received for the month was \$27.55, and the sick patients numbered 18.

STATE HIGHWAY COMMISSION

TO SPEND \$4,000,000 ON ROADS

State Highway Commissioner Charles J. Bennett announced Saturday the road building program adopted by his department for the ensuing two years. At an expenditure of more than \$4,000,000, it will add nearly 100 miles of new construction to the 1,500 miles of improved state highways now in use in Connecticut. The total length of all Connecticut roads is 12,000 miles.

The new program does not take into account contemplated replacement work. In view of the fact that the legislature made no appropriation for replacements, this work is entirely dependent on the receipts from motor vehicle department fees, fines and forfeitures. Inasmuch as the motor vehicle fee system has been completely changed, effective the first of January, 1922, the probable amount available from this source will not be known before June 1, 1922.

For this reason, highway replacement work in Connecticut will be left practically at a standstill for about ten months.

For trunk line construction, the highway department has \$1,000,000 that was appropriated by the legislature for federal aid roads. \$1,000,000 from the state and a second million in sight from the government, and for completing unfinished gaps in state aid roads, \$600,000 from the state. In addition to this, the department will receive enough money from towns for their share of the expense of filling in gaps in state aid roads to put its resources over the \$1,000,000 mark.

The program laid out by the highway department is the result of a careful study to get the maximum benefit from the money available. All other things being equal, an effort will be made to place the new construction where it would do most to relieve unemployment.

Two million dollars is to be spent on three big federal aid projects. Chief among these will be a high-grade highway thirty-five miles long up the Housatonic valley from New Milford to Falls Village, passing through Sherman, Kent, Cornwall, Sharon, Salisbury and Canaan.

Completion of the improvement of the Western to Norwich highway, including the resurfacing of rough sections in the present road, will constitute the second federal aid project. About three miles of new road will be laid at an estimated cost of \$40,000, and the work will be started in the spring.

A four-mile stretch from Danielson to Little Rock, on the Rhode Island-Connecticut state line, will make the third federal aid project. It will involve an expenditure of \$150,000 and the work is already under way.

Work will be continued on the New London-Hartford turnpike in an effort to push it through to completion by July 1, 1922.

The program for filling in gaps in state aid roads is not complete. About \$100,000 will be spent on the road between Shelton and Bridgeport and, if necessary arrangements can be made with the towns affected, will be laid out between Bridgeport and North Wilton, four miles along the Black Hills and Niantic, six miles along the beaches between Saybrook and Southport, and one mile between Allington and West Haven center.

The trunk line program, the entire expense of which is met by the state, comprises thirteen different projects, as follows:

1—Closing gap one mile long between Stafford and Saybrook.

2—Closing gap two miles long between Unionville and Colchester.

3—Closing gap one mile long between

CONSTRUCTION AND REPAIRS

to such highways

1—Closing gap one mile long between Unionville and Colchester.

ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe millions. Take Aspirin only as told in the Bayer package for Colds, Headaches, Neuritis, Rheumatism, Erysipelas, Toothache, Lumbago, and for Pain. Tablets in boxes of twelve. Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trademark of Bayer Manufacturing of Monocellulose of Salsolite.

It has been given as a reason for the apparent neglect in some towns to recognize women in the filing of offices that a large proportion of the returning officials were candidates for re-nomination and that the sentiment in favor of retaining persons in office who have rendered faithful and efficient service for years was strong enough to overcome a disposition to nominate newcomers. Indeed women themselves have taken a prominent part in giving ideas to this sentiment.

There will be no constitutional amendments submitted to the voters on October 3. There has been an invasion in some quarters that the proposed amendment extending the age limit in which judges may perform judicial functions from seventy to seventy-five years would be before the voters at the town meetings for action. But that impression is erroneous. The amendment was before the house at the last session and was referred to the next session. It is passed at the session of 1922 it will be voted on at the fall elections in that year.

There will not be a separate ballot box for women at the polling places this year. Formerly when the women were allowed only a restricted suffrage, separate ballot boxes were provided for them. Now that they have the full franchise their ballots will have the same scope as those of the male electors and all will be deposited in the same ballot boxes. There will be nothing to differentiate the ballots.

DRAINING TOLLAND LAKE

IN SEARCH FOR BODY

Information came from Union, Tolland county, Sunday, that Lake Mazza-pow is being drained to ascertain definitely whether Mrs. Nolan Johnson Kettick, Blackville college graduate, wife of one week, was drowned in the lake after her disappearance Tuesday afternoon from the cottage. She was a resident of Blackville. Her husband, Dr. J. M. Kettick, of Cambridge, Mass., is firm in the belief that his wife's body is at the bottom of the lake. He believes she was drowned while she was bathing.

A SUPERB SHOWING OF SMART FALL APPAREL FOR WOMEN AND MISSES

The Ultra Smart Coats, Wraps, Suits and Dresses shown during our opening days demonstrated forcibly that prices for Fall are much lower, and styles much prettier.

Our present stocks are the largest and finest we have ever assembled — each model has been made up to our usual high standard and is offered at price which leaves it entirely without competition.

Elegant Fall Suits \$49.50

These Suits embody all the essential style requirements for Fall and are in a class by themselves for value. Think of buying elegant Fall Suits of fine Velours, Duvet de Laine and Tricotines at this price. All suits are beautifully tailored and handsomely silk lined and many are fur trimmed.

Other Fall Suits from \$35 to \$85

COATS AND WRAPS

Each garment a marvel of beauty — tailored to perfection — splendidly finished with little individual touches that make our Coats and Wraps different and yet they cost no more. See our Bolivia Coats at \$39.50 — our Velour Coats at \$24.50 and Frostglow Coats at \$55.00. All silk lined throughout and interlined.

Autumn Dresses at \$22.50

Tailored Dresses of All-Wool Tricotine, in twelve smart new Fall styles. These Dresses are wonderful values, being sold very close to cost. A brilliant collection of other Fall Dresses in Canton Crepe, Satins, Tricotine and Novelty materials, from \$25.00 to \$69.50.

The woman or miss who buys her Fall Apparel at The Manhattan this season will have the assurance that she is getting the utmost in style, quality and value.

The Manhattan

121-125 MAIN STREET

"THE PRINTZESS STORE IN NORWICH"

GIRLS! LEMONS

BLEACH FRECKLES AND WHITEN SKIN

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and apply to the face, neck, arms and hands each day and see how freckles and blemishes bleach out and how clear, soft and rosy-white the skin becomes.

Envy your friend's sound sleep won't get you the sleep you need. Watch what he drinks and ask him the reason why

You can't help noticing the man who comes down to the office in the morning with roddy cheeks and clear sparkling eyes — full of energy and eager for the tasks of the day.

He is physically "fit" — and can do twice the amount of work the average person can do, without becoming fatigued.

If you go out to lunch with this man you'll notice that probably he avoids coffee, though he may drink Postum — the well-known and delicious beverage — coffee-like in flavor.

This is the secret of his superb health. He isn't putting the drugs from coffee or tea into his system three times every day. As a consequence he sleeps like

a healthy baby all night. His sleep refreshes and rests him. He has perfect control of his nerves.

Do not delay another day in starting back on the road to robust health. The rich, coffee-like flavor of Postum will surprise and please you.

Order Postum from your Grocer today. Drink this hot, refreshing beverage in place of tea or coffee for ten days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum-Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Postum for Health "There's a Reason"
